Fit. 1787.

Carl is really working hard and fast to catch up for the
past year and a half and get his practice to grow. His
clients are so happy that he is doing well and taking over
their portfolios once more. They are so loyal and, of
course, he really appreciates them too. He and Mike are
in the process of formalizing their partnership. They
compliment each other very well, have the same level of
integrity, get along so well, etc. It has really helped
to have him there while Carl was on chemo.

Well, I've told you about everybody but me so I guess it's
my turn. I will be fine after tomorrow! We are talking
about porn, pornography, chastity, etc. I don't
want talking about these things to my family, but I have
never had to do it in front of a teenage seminary class
before and I really don't know what to expect. I have
really prepared and prayed for the right spirit so I hope
it goes over well and is received in the right spirit.
I'll let you know how it goes. I am really enjoying
teaching seminary. I love the kids, am learning a ton of
info myself, like getting up early and starting my day
with the students and scriptures, etc., etc., etc.!!
What a blessing it has been in my life! Next Tuesday I
meet with the regional director and will find out if they
want me again next year. I sure hope they do!!

Well, I want to get this in the mail so I'd better close
for now. I love you lots and there isn't a day goes by
that I don't feel grateful for the wonderful parents and
family that I have. We want you to know that you are all
always in our prayers.

All my love, Honalee & bunch
